

I support Option C for Single Councillor wards for Boroondara

I believe Option C allows for the best representation for our local community. It allows for accountability of the Councillors and ensures that the local area has an advocate who lives locally and who understands the issues and concerns of the community they are representing and their geographical environs. I believe this will best be achieved by adopting Option C.

To choose Option A or B, there is no guarantee that your Councillor will be a local resident. For example, if you live in Solway your councillor could come from Surrey Hills in Option A or Hawthorn in Option B both of which are well removed from the Ward they will be apparently representing.
