

Electoral Representation Review – Boroondara City Council - Response Submission

support OPTION A .

This will provide Boroondara City Council with eleven councillors elected from four wards (three three-councillor wards and one two-councillor ward)

This would be an improvement on the present eleven councillors elected from eleven single-councillor wards.

With one councillor per ward , it is difficult to contact a councillor , who might then be ineffectual , leaving those ward residents without adequate representation.

Yours,

Keith & Keryn Connor.
