

Electoral Representation Review - Boroondara City Council - Response Submission
Geoff Hodgens - Glen Iris - 8 May 2019

I support the preferred option as outlined in the Local Council Representation Review - Preliminary Report Boroondara City Council 2019 that Boroondara City Council consist of eleven councillors elected from four wards (three three-councillor wards and one two-councillor ward).

This electoral structure reflects the growing population of the council area, and the four-ward structure will ensure that all voters are fairly represented in the electorate.

Moving to a multi-councillor ward structure will also ensure that residents have representation should a councillor choose to abstain from voting due to conflicts of interest, either real or perceived.

I don't wish to propose ward name changes.

I don't wish to speak at the public hearing.

Geoff Hodgens
