

Electoral Representation Review – Boroondara City Council - Response Submission
Michelle Kendall – Glen Iris – 7 May 2019

The recent interactions I have had with Boroondara Council during the Dorothy Laver Reserve West community consultation process gave me the impression that residents concerns were not adequately considered by Council, in particular through the exclusion of our ward representative from voting due to a perceived conflict of interest.

For this reason it is my recommendation for Option A: Boroondara City Council consist of eleven councillors elected from four wards (three three-councillor wards and one two-councillor ward).
