To whom it may concern,

I have worked for many years in Boroondara for many years and now also live here, and want to make sure local council can be as responsive as possible to local needs. Therefore I am writing to support the VEC's option A, which I understand would match communities of interest, with almost all residents of Boroondara being in the ward they would expect. It will promote diversity on council, both in ensuring all widespread opinions get a hearing and in giving opportunities for minority demographics that are currently excluded from council to get elected. Option B would also be significantly preferable to the current council structure, but option A would be best.

Thank you taking my preference into account.
