

Electoral Representation Review – Boroondara City Council - Response Submission  
Leigh Knight – Surrey Hills – 6 May 2019

I support the VEC Option A.

In my opinion it best suits community interests in promoting diversity on Council , ensuring widespread opinions and giving all residents a voice. It is especially important that minority groups are taken into account and Option C would be a greater barrier to this.

I am concerned that under Option C vested interest groups would have a greater ability to control agendas . With Option A & to some extent Option B this would be far less likely.

Option A would allow Council to be far more responsive to the broader community .
