

Electoral Representation Review - Boroondara City Council - Response Submission  
Jenner Miller - Ashburton - 7 May 2019

I vote for Option A, ie, the option with 4 wards with multi councillor ward structure.

This is because of a particular issue - the residents were against a proposal (Dorothy Laver Reserve) and our elected councillor withdrew from voting, leaving our ward with no representation, allowing councillors from other wards, and not representing the local community, to make the decision. So our ward had no voice in this issue.

Option A will allow for a more democratic result, and less ability to manipulate the system as has happened at least on the above issue, if not many more issues.
