

Electoral Representation Review - Boroondara City Council - Response Submission
Ralph Muir-Morris - Glen Iris - 20 April 2019

As a ratepayer I would strongly endorse change and greater representation. The current system does not adequately represent the ratepayers in Boroondara. The Council has spent a lot of our money trying to avoid any change. The situation with Dorothy Laver Reserve is an obvious reason for change. There are now over 2 thousand objectors and yet no genuine representation of that, on Council. I would endorse option A.
