To whom it may concern,

I support option A in the VEC Preliminary Report. It will result in more diversity on Council through ensuring commonly agreed opinions as well as minority views will be better heard and represented. As well as taking an overall view, each of the new (multiple) Councillors is likely to hear more from different residents or residents' groups, and to speak for them. I also believe that the new constituencies which have been proposed create localities that naturally seem linked together, more so than the present boundaries do. Although Option B would also do much to make election of Councillors more democratic, I think it will not do so as well as option A.

It is my hope that Option A will be your choice.

Thank you for your consideration.

Michael Mullerworth
