To whom it may concern,

I am writing in support of the VEC's option A. This proposal represents a council I would feel proud to be part of. At 28 I see many dis-interested young adults which I would like to change. A better local council represents a positive future and ability to promote diversity in populace. With focus on opportunities and solutions to growing global problems that can all start at a local level.

Having a diverse council ensures opportunities for minority demographics that are currently excluded from council to get elected. Option B would also significantly improve the council, but not to the same extent as option A.

Thank you for your consideration.
