

Electoral Representation Review – Boroondara City Council - Response Submission
Jenni Powell – Hawthorn East – 6 May 2019

I support option A, the proposed boundaries reflect the natural communities within Boroondara. I don't believe the existing wards have a distinctive character and think this is a long bow.\s\s The wards rarely match Neighbourhood Character Precincts and even where it is true, it is most certainly not true of many of the wards proposed in Option C, considering those have very different boundaries to the existing wards.

Sincerely,

Jenni Powell\s\s

Hawthorn East
