Dear Victorian Electoral Commissioner,

I would like to submit my support for the present ten single councillor wards for Boroondara City Council.

My support for the present single councillor wards is based on nearly 50 years of residency in Boroondara, the last 24 of which I have been more deeply involved in my community. Over this time I have had first hand experience of the benefits of the single councillor system. As a member of the Canterbury History Group I have been most impressed with ready access we have had to our local ward representative, her understanding of issues in our area and her willingness to assist us in many ways.

I believe the ten wards make for manageable areas and that the single councillor representation means residents can easily identify their own local councillor and respectfully ask that the present system be maintained.

Thank you for your consideration
sincerely,
Mrs Frances Barrett
