

Electoral Representation Review - Boroondara City Council - Preliminary Submission
Ella Lionetti - Kew - 13 March 2019

Dear Victorian Electoral Commissioner,

I am writing to voice my disagreement over the consideration of changing the Boorondara ward structure to 'multi member' wards. Single member wards should remain for:

- easier access to our elected representatives (single point of contact)
- more accountability
- consistency in views, approach and understanding of ward issues

The 'single member' ward structure should be retained for the benefit of the Boorondara community.
