

Electoral Representation Review - Boroondara City Council - Preliminary Submission  
Stuart Marburg - Hawthorn East - 10 March 2019

Good afternoon,

I have been a resident in Boroondara for the last 25 years, and have operated a business that employed over 200 people in Camberwell for 16 of those years.

I believe that the existing ward structure, and more importantly the number of Councillors in each ward works, is effective and does not require any change.
