

Electoral Representation Review - Boroondara City Council - Preliminary Submission
John McBeth - Ashburton - 12 March 2019

I believe that current system of one councillor in each ward has served the community extremely well. Any change will cause all types of disruption and lead to serious problems for this city. Surely we have enough drastic situations to deal with currently without having to suffer agitators and small,very small loud tiny minorities. THEY WILL COME.

Thanks for the opporunity.

John McBeth.
