

Electoral Representation Review - Boroondara City Council - Preliminary Submission  
Lesley O'Gorman - Camberwell - 12 March 2019

Dear Victorian Electoral Commissioner,\s\s

\s\s

As a 20-year resident of Boroondara I wish to voice my objection to the suggested changes to the structure of Boroondara's electoral representation. \s\s

\s\s

I support and wish to retain the current single councillor ward structure within Boroondara. This system has, and continues to work well, fostering a positive working relationship with a single ward councillor as a first point of contact. This has resulted in quick responses and immediate actions for positive outcomes to benefit the community. \s\s

\s\s

Multi-member wards can create confusion, less continuity and less accountability for direct action by councillors.

Boroondara resident, Linden Ward

L. O'Gorman\s\s
