To whom it may concern,

I am writing in support of multi-councillor wards in the City of Boroondara. I feel very strongly that the current composition and views of the council is and are extremely unrepresentative, and that the representatives and consequent policies have been manipulated by the right wing federal party. The lack of recognition and action on the Climate Emergency is but one glaring example. ANYTHING that can be done to give us a chance of more representative representation would be extremely welcome.

A proportional representation system would appear to be a more democratic way to represent our community.

Thank you for your consideration.
