

Electoral Representation Review – Boroondara City Council - Response Submission
Elizabeth Shelton – Kew East – 8 May 2019

I support Option A as being the one to give the best representation for Boroondara voters on their Council. Option A recognises some major roads etc that have informally influenced residents' movements and sense of community. It enables greater discussion of the local issues between the Councillors, a shared interest, diversity of views and mutual support to each other.

While I support Option A, I recognise that Option B is a good alternative.
