

Electoral Representation Review – Boroondara City Council - Response Submission
David Strang – Hawthorn East – 8 May 2019

I have read the VEC report and find its arguments and recommendations to be compelling. It is hard to argue with the support being that Option A:

- has clearly defined wards;
- provides good representative options; and
- represents communities of interest.

On that basis I support option A: Multi-member wards of 3,3,3 and 2 councillors per ward.
