

Electoral Representation Review - Glenelg Shire Council - Response Submission
Murray Davis - Dergholm - 17 April 2019

To the VEC,

I wish to support Option B because it will provide a more even distribution and representation of councillors throughout the Glenelg Shire, particularly in the northern part of the Shire.

I think it is important that we have more rural councillors, and that they are not all concentrated in Portland.

Yours sincerely,

Murray Davis
