**Subject:** Re: Response submissions reminder - Manningham City Council

Hi Jocelyn.

I have read your response and would like to add.

I am very happy that the VEC has decided not to make major changes to Manningham councils wards and representation structure. The minor boundary change to option A to move the area of Bulleen into the Heidi ward is the best practicable move. The Tunstall Road boundary as is helps give wider representation as shoppers are from both areas and having this shopping centre on the two wards boundary gives the shoppers and traders more attention. That is shown by very wide and innovative outcomes for them. I hope this is not changed. The Koonung Ward is going through many difficulties with over development.

Thanks Dot Haynes
